REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "...Requestor submits that a fair and reasonable rate for treatment of this injured employee is the usual and customary charges incurred. Requestor is owed an additional \$38,582.75, plus interest."

Amount in Dispute: \$38,582.75

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Carrier has paid amount owed. The calculation is correct."

Response Submitted by: Zurich, P.O. Box 66655, Austin, TX 78766

SUMMARY OF FINDINGS

Date(s) of Service	Disputed Services	Amount In Dispute	Amount Due
August 3, 2007 through August 6, 2007	Inpatient Services	\$38,582.75	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401(c)(5)(A), effective August 1, 1997, 22 TexReg 6264, requires that when "Trauma (ICD-9 codes 800.0-959.50)" diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate.
3. 28 Texas Administrative Code §134.1, effective May 2, 2006, 31 TexReg 3561, requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and

reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available.”

4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. This request for medical fee dispute resolution was received by the Division on July 31, 2008.
6. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - W1-Workers compensation state fee schedule adjustment.
 - B13-Previously paid. Payment for this claim/service may have been provided in a previous payment.
 - P8F-This contracted provider or hospital has agreed to reduce this charge below fee schedule or usual and customary charges for your business.
 - ZF7-This bill was reviewed in accordance with a First Health owned contract.
 - ZJQ-The charge for this procedure exceeds the fee schedule allowance.
 - ZLG-This bill has been reviewed by a registered nurse.

Findings

1. According to the explanation of benefits, the carrier paid the services in dispute in accordance with the First Health network. The explanation of benefits dated January 2, 2008, supports the respondent's reimbursement methodology of \$1,118.00 per day for three days for a total reimbursement of \$3,354.00 without any additional reductions. The respondent did not clarify or otherwise address the “P8F” and “ZF7” claim adjustment codes upon receipt of the request for dispute resolution, nor was documentation provided to support that there is a contract between the provider and the First Health network. For these reasons, the Division finds that the “P8F” and “ZF7” claim adjustment codes are not supported.
2. This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of former 28 Texas Administrative Code §134.401(c)(5)(A), which requires that when “Trauma (ICD-9 codes 800.0-959.50)” diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate. Review of box 67 on the hospital bill finds that the principle diagnosis code is listed as 881.22. The Division therefore determines that this inpatient admission shall be reimbursed at a fair and reasonable rate pursuant to Division rule at 28 Texas Administrative Code §134.1 and Texas Labor Code §413.011(d).
3. 28 Texas Administrative Code §133.307(c)(2)(F)(iv), effective May 25, 2008, 33 TexReg 3954, applicable to requests filed on or after May 25, 2008, requires that the request shall include “a position statement of the disputed issue(s) that shall include”... “how the submitted documentation supports the requestor position for each disputed fee issue.” Review of the submitted documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(iv).
4. 28 Texas Administrative Code §133.307(c)(2)(G), effective May 25, 2008, 33 TexReg 3954, applicable to requests filed on or after May 25, 2008, requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable.” Review of the submitted documentation finds that:
 - The requestor's position statement asserts that “...Requestor submits that a fair and reasonable rate for treatment of this injured employee is the usual and customary charges incurred. Requestor is owed an additional \$38,582.75, plus interest.”
 - The requestor does not discuss or explain how payment of \$38,582.75 would result in a fair and reasonable reimbursement.
 - The requestor did not provide documentation to demonstrate how it determined its usual and customary charges for the disputed services.
 - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement.
 - The Division has previously found that a reimbursement methodology based upon payment of a hospital's billed charges, or a percentage of billed charges, does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the *Acute Care Inpatient*

Hospital Fee Guideline adoption preamble which states at 22 Texas Register 6276 (July 4, 1997) that:

“A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources.”

- The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
- The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
